

ROCK UP WHITELEY

We're excited to share that **Rock Up Whiteley** is running a special **Year R "Meet-Up & Play" session** to help children starting Reception make new friends in a fun and relaxed environment before their first day of school.

The session will be very informal, with a few light team-building games followed by time to burn off some energy in the soft play area. Children will also have the option to climb if they would like to.

Each school will have its own dedicated session date, and the event is open to all families with children starting Reception this September. It's a lovely opportunity to ease first-day nerves and start building a sense of community early on.

Uplands Primary School session is:

- 18th June 2026
- 10:30am

If you have any questions or would like any further details about the session, please feel free to get in touch.
