Dear Parents and Carers,

Mrs Gibbons has recently been appointed as a **Leading Foundation Stage Practitioner for Uplands School**. This position is awarded to a small number of Early Years teachers across Hampshire who, through a rigorous recruitment process, are recognised as exceptional practitioners in their work.

This is a fantastic achievement for Mrs Gibbons and Uplands and a testament to the hard work and dedication of our Early Years team in providing the very best foundational year for our youngest pupils.

As part of this role, **Mrs Gibbons will be using some photographs from our school**, this is to support other schools who may also visit to see our setting in action. It is therefore requested that she gains photo permission for the children in Year R to support her work.

If you are happy to give permission, please complete the Hampshire County attached form and return it to Mrs Gibbons when your child starts in September. Should you have any questions, please do not hesitate to speak with her.

Christina Dalingwater  
Headteacher
